1. The first part of the report is a general introduction to the subject of the study. It discusses the importance of the study and the objectives of the research.

2. The second part of the report is a detailed description of the methodology used in the study. It includes information about the sample size, the data collection methods, and the statistical analysis techniques.

### 3. The third part of the report is a discussion of the results of the study. It compares the findings with previous research and discusses the implications of the study.

4. The fourth part of the report is a conclusion and a list of references. The conclusion summarizes the main findings of the study and provides recommendations for future research. The references list the sources of information used in the study.

5. The fifth part of the report is a list of appendices. These include additional data, tables, and figures that support the findings of the study. The appendices are provided for the reader's reference and are not part of the main body of the report.

6. The sixth part of the report is a list of footnotes. These provide additional information about the sources of the data and the methods used in the study.

7. The seventh part of the report is a list of acknowledgments. This section is used to thank the individuals and organizations that provided support and assistance during the course of the study.

8. The eighth part of the report is a list of references. These are the sources of information used in the study, including books, articles, and other documents. The references are listed in alphabetical order and provide a way for the reader to locate the sources of the information.
